PROJECT EXPERIENCE

Stock Market Analysis & Risk-Based Investment Evaluation

- Built and deployed a **Streamlit-based investment analytics platform** supporting **Index, Sector, Blue-Chip and Company analysis**. Designed two advisory systems Beginner and Reinvestor Advisor.
- Computed **8 risk-adjusted financial metrics** including CAGR, Sharpe, Sortino, Calmar, Volatility, Max Drawdown, Beta, and Recovery Days.
- Implemented **MongoDB-based authentication**, persistent user profiles, and watchlists.

Deployed on Streamlit: <https://stock-analysis-and-prediction-qw2nwvktpxkzhbfzxwpakk.streamlit.app/>

IT Stock Price Analysis & Prediction

- Analysed 5 IT companies using 5 years of historical stock data to compare volatility, CAGR, and risk-adjusted returns for investment decision-making.
- Built –
 - **Linear Regression** for next-day price prediction.
 - **Logistic Regression** for investment safety classification (Safe / Risky)
- Developed a **Flask dashboard** with price trends, volatility comparison, and prediction outputs.

Laptop Price Analysis & Prediction

- Analysed a **1,303-record laptop pricing dataset** to study brand and hardware-based price variations.
- Built and evaluated **Linear, Random Forest, and Gradient Boosting regression models** using an **80–20 train-test split**.
- Compared models using **R², MAE, MSE, and RMSE**.

Job Seeker Analytics

- Analyzed a dataset of 1,155 recruitment records to identify employability trends and hiring outcomes. Built **Logistic Regression, Random Forest, XGBoost, and Stacking classifiers** to predict application status (Selected / Rejected / Pending).
- Evaluated models using **accuracy, precision, recall, confusion matrix, and F1-score**.

Achievements

- Promoted from IT Software & Web Development Intern to Operations & Admin Executive within the same organization.
- Placement Coordinator for MCA Department.
- Participant – Build With India Hackathon (Google).

CERTIFICATIONS & ACTIVITIES

- Google Cloud – Agentic AI Day (2025)
- Build With India Hackathon – Participant (Google)
- Mystara Hackathon – PES University
- **Placement Coordinator – MCA Department**. Coordinated placement data, communication, and scheduling
